Girlguiding

## Consent form information sheet

**When you share your story, photo or video with us you help us to shout about how great Girlguiding is, encouraging more girls to join and more people to get involved.**

But before we can use it, we need your consent. You can give us that by filling in this consent form.

On it, you can tell us more about:

- How you'd like your story, photo or video to be used
- How you'd like us to contact you if we need to check information

### Where might we use your content?

Girlguiding might use your story, photo or video in:

- Digital and printed communications - like emails to members and guiding magazine
- Social media and websites - like [girlguiding.org.uk](http://girlguiding.org.uk), Facebook, Twitter and YouTube
- Internal publicity - like photos on walls in Girlguiding buildings
- Marketing, advertising and press - like Girlguiding campaigns, fundraising and events and national or local TV or radio
- To support our work with Girlguiding partners or affiliates - for use on their communications

Sometimes we may need to tweak your story, photo or video such as making it shorter in a video edit, or just use a quote from an interview.

Occasionally when sharing your story, photo or video we may need to use your first name, role and/or unit name.

If you're under 14, we'll only use your first name, section and region. We'll never use any other details without your permission.

We'll keep your story, photo or video in a safe secure place for three years. After three years we'll remove your content from our system.

If you have any questions or if you would like to remove or change your consent at any time please contact [dataprotection@girlguiding.org.uk](mailto:dataprotection@girlguiding.org.uk) or call 020 7834 6242

If you withdraw consent, we'll stop using your story, photo or video in any future materials. Where your content has been used in the past, we'll tell you where it's been used and take practical steps to replace it. However, we can't guarantee that your content is out of circulation due to the nature of digital and printed materials.

Take a look at our privacy notice for more information about how we'll use and store your data.
