

YOUNG MEMBERS SAFETY WITHIN A UNIT AROUND PHOTOGRAPHY & VIDEOS

Leaders – Photos of members in your unit need to be deleted from your personal device after 14 days of the photo being taken.

If you share the photos in a local social media group for your unit or county or on a unit whatsapp please make sure all members have the correct permissions.

Parents/Guardians must not keep hold of photos of their daughter when other members in it and post them online, if you do wish to share a photo please check with the relevant parent/guardian if this is acceptable.

We need to keep all members of the unit safe including leaders.

Please check with a leader if you are unsure on the photo permissions for your child.
